**BID SELECTED:** See Attached Summary

---

**Recommendations to the Board of Education:** Based upon the evaluation process and the final ratings of the proposals, the Purchasing Department recommends placing the contract for Beverage Vending at Valley High School with Swire Coca-Cola. Prices charged to students will actually be less than the prices they would pay at local convenience stores for bottled drinks. Valley High School is concerned about keeping students on campus and out of hazardous traffic. Consequently they feel it is important to provide these beverages on campus. This contract will be for five (5) years. Earnings from previously negotiated contracts for the same period of time are approximately \$2,500 per year. This recommendation has the approval of Don Link, Principal, Valley High School.
