- |                              |                          |
|------------------------------|--------------------------|
| 1. Davidsco Incorporated     | 5. SCI Distribution, LLC |
| 2. Education Logistics       | 6. Synovia               |
| 3. Everyday Solutions        | 7. Webtech Wireless      |
| 4. Routematch Software, Inc. | 8. Zonar Systems, Inc.   |

Purpose: The GPS System will allow the district to do real-time tracking as well as historical information in regard to where our district vehicles travel. We will be able to identify each vehicles boundary so that it will report if the vehicle leaves the area that have been set for it. This is intended for all district vehicles. GPS tracking for buses has the potential to know which bus a student boarded and which stop the student exited. That information would be available to the Transportation Department as well as parent, if we choose that option. This bid was done to include all K-12 Districts in the state of Utah.

---

**PROPOSAL SELECTED:** Zonar Systems, Inc.

**Recommendations to the Board of Education:** The Purchasing Department recommends placing the orders with Zonar Systems, Inc., as the proposer who scored the highest number of points and who complied with the specifications, terms, and conditions of the RFP. A committee evaluated proposals from eight (8) vendors and scored responses on the criteria listed in the RFP.
