Date

Items for Bid: 7TH AND 8TH GRADE MATHEMATICS – PRIMARY SOURCE MATERIALS

Bid No. 16DS16P-5
Total amount of recommended bid: \$38,098.66 - \$790,267.50

BIDDER

1. CPM Educational Program
2. Houghton Mifflin Harcourt – Go Math
3. McGraw-Hill
4. Pearson

PURPOSE: Textbook Adoption.

EXPLANATION: Schools may not need to purchase new 7th and 8th Grade textbooks this year for every student. Each middle school will determine what is needed. The purpose of the bid is to adopt the textbooks and provide approved vendors for future years. District-wide, there are approximately 3861 students needing 7th Grade books and materials and 3889 students needing 8th Grade books and materials for 2016-2017.

BUDGET: 2016-2017 Textbook Budget of Individual Schools

BID SELECTED: Multiple Award

Recommendations to the Board of Education: Inasmuch as each of the suppliers have unique products that are different from their competitors, it is difficult to identify any supplier who is superior to the others in all areas. Therefore, the Purchasing Department recommends making a multiple award to all of the bidders so that schools may buy from whichever supplier has the best offering for them. Pearson, CPM, Houghton Mifflin Harcourt, and McGraw-Hill all include materials that are approved by the State of Utah for use as primary source in the classroom.
