

JORDAN SCHOOL DISTRICT  
Patrice A. Johnson, Ed. D., Superintendent of Schools  
7387 South Campus Drive, West Jordan, UT 84084

## SUMMARY OF AWARD

ADMINISTRATOR OF SCHOOLS  
School or Department

AUGUST 30, 2016  
Date

Items for Bid: DRIVER'S EDUCATION PICK-UP TRUCKS

State Contract AR307  
**Dollar Amount: \$67,002.00**

---

### **BIDDER**

---

1. Young Chevrolet

JUSTIFICATION: Because we received such a good deal with the other recently purchased used range cars, we still had an additional \$68,000 remaining in our State Driver Education Grant that expires on August 31, 2016. The Driver Education teachers requested to replace one 1993 truck and two 1997 trucks that are currently being used on the ranges as well. The truck request was placed out to bid, but only one vendor submitted truck offers. Our district mechanic examined two of the trucks from the bid and recommended against purchasing them. Apparently small, used trucks are a hot commodity. The third truck on the bid is new. We have ordered three new, small Chevrolet Colorado trucks to fill the request. These are very basic two-wheel drive trucks that will be used to set up the ranges that require over 90 cones on a daily basis, as well as an alternate vehicle for students to drive on the range. These trucks will replace the trucks that are currently in use at Copper Hills High School, West Jordan High School and Bingham High School.

PURPOSE: To Provide Vehicles for Driver's Education.

BUDGET: State Grant

---

**BID SELECTED:** Young Chevrolet

**Recommendations to the Board of Education:** The Administrator of Schools recommends placing the order with Young Chevrolet, who is the State Contract holder for Chevrolet vehicles.
