Onsite Microscope Service and Repair

Vendor Name: LGS Microscopes
Primary Contact: Pat Luna
Phone: (602) 821-7468
Email: Pat.luna@k12microscopes.com

Services Available – All Microscope Brands

- Onsite microscope inspection, maintenance, and repair.
- Troubleshooting of optical, mechanical, and electrical components.
- Multi-point inspections to ensure microscopes are electrically safe, clean, and functioning properly.
- Microscope and balance service and repair.

Requesting a Quote and Scheduling Service

Schools interested in having their microscopes serviced or repaired should contact Pat directly to discuss their service needs, **request a quote**, and coordinate scheduling.

Pat typically travels to Utah once a month to provide onsite microscope servicing for various school districts. Schools should allow a minimum of two weeks' advance notice when scheduling an onsite service visit.

Once the quote is received, the school should submit a purchase order (PO) request in Qmlativ using Vendor Number 20427319. A purchase order must be issued before any services are performed.
