### **VENDORS**

---

#### **1. ProCare Therapy**

**Purpose:** To hire a school staffing agency to provide (TVI) and (O&M) specialists districtwide.

**BUDGET:** Medicaid Funding

---

**BID SELECTED:** ProCare Therapy

**Recommendations to the Board of Education:** The Jordan School District solicited Statements of Qualification (SOQ) from school staffing agencies. There are very few staffing agencies that are able to provide TVI and O&M specialists. Because of scarcity, JSD only had one company respond to the SOQ. ProCare Therapy responded, was evaluated, and was determined to be qualified. This contract is for five (5) years. The Purchasing Department will re-evaluate and allow additional providers to submit qualifications every 18 months, following the requirements in Utah Procurement Code.
