Recommendations to the Board of Education: In September a multi-step RFP was issued and seven (7) math curriculum publishers submitted their proposals. In October, the RFP evaluation committee conducted an extensive evaluation process and narrowed the selection down to three (3) math curriculum publishers that achieved the minimum score threshold and would therefore proceed to Oral Presentations and Cost Evaluation. The evaluation committee recommends awarding the contract to Open Up Resources as the highest-scoring and lowest-cost math curriculum providing the best value to the District.
